(In conjunction with WSF)

EQUALITY POLICY

Introduction

This policy sets out our approach to promoting equality, as defined within the Equality Act (2010). It covers sex, race, disability, religion or belief, sexual orientation, pupils who are pregnant, undergoing or who have undergone gender reassignment.

Principles and Values

We are fully committed to equality of education and opportunity for staff, families and children and all those receiving services from us. We oppose all forms of unlawful or unfair discrimination including those on the grounds of: age, caring responsibilities, colour, disability including physical, sensory impairment, learning disability, ethnic or national origin, gender, HIV status, marital status, nationality (including citizenship), race, refugees, religion, seeking asylum, sex, sexuality, trade union membership, or working part-time.

We aim to provide our pupils with firm foundations that will enable them to fulfil their potential.

We will seek to eliminate unlawful discrimination against pupils and staff by adhering to our duties as an employer under the legislation. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.

Therefore, we

- Will not tolerate discriminatory behaviour such as name calling, stereotyping, insulting remarks, offensive graffiti, undue pressure on individuals and bullying. We will not use literature that is biased and/or dependent upon stereotypes, nor will we allow the distribution of discriminatory literature or pamphlets or permit the wearing of offensive symbols
- Will take immediate and positive action against any discriminatory or prejudicial behaviours or offences whoever may be the perpetrator. Those responsible will be made aware of the establishment's opposition to discrimination and reasons will be given. Sanctions will be applied as judged appropriate according to the circumstances and having in mind a positive outcome.

We understand that Equality involves various things in our practices and provision including:

- Recognising that people are different and that these differences must be equally valued and respected
- The provision of positive educational experiences and support to teach about equality and diversity and promote positive social attitudes and respect for all

We will pursue our equality duties to eliminate unlawful discrimination and harassment, promote equality of opportunity, and promote good relations and positive attitudes between people of diverse backgrounds in all its activities.

The principles of this policy apply to all members of the extended school community, pupils, staff, governors, parents and community members.

Promoting Equality

The overall objective of this Equality Policy is to provide a framework for each school to pursue its equality duties to eliminate unlawful discrimination and harassment, promote equality of opportunity, and promote good relations and positive attitudes between people of diverse backgrounds in all its activities.

Each school is committed to ensuring that no pupils, staff, parents, guardians or carers or any other person through their contact with the school receives less favourable treatment on any grounds which cannot be shown to be justified. All West Surrey Foundation schools are committed to ensuring this in terms of all protected characteristics identified within the Equality Act (2010) i.e, sex, race, disability, religion or belief, sexual orientation, pupils who are pregnant, undergoing or who have undergone gender reassignment. (N/B Age is a protected characteristic within the Equality Act (2010), but not in relation to pupils of any age in a school – schools may organise their curriculum or classes in any way they choose without fear of a claim of discrimination on the grounds of age). In addition as part of good practice West Surrey Foundation schools also include other characteristics i.e, ethnic or national origin, language, marital or civil partnership status, age, responsibility for children or other dependants, trade union or political activities, social class and where the person lives.

Community Cohesion

West Surrey Foundation schools are committed to continuing work on community cohesion and the individual schools commitment to West Surrey Foundation is testament to this. West Surrey Foundation schools are committed to:

Monitoring, Reviewing and Assessing Impact

This Equality Policy is supported by a Single Equality Scheme for each West Surrey Foundation School. The scheme is linked to the individual school development / improvement plan and will include targets determined by each governing body for promoting equality. The scheme will be regularly monitored and reviewed by staff and governors to ensure that it is effective in eliminating discrimination, promoting access and participation, equality and good relations between different groups, and that it does not disadvantage particular sections of the community. Any pattern of inequality found as a result of impact assessment will be used to inform future planning and decision making. The scheme will name a member of staff and governor who is responsible for equality will monitor specific outcomes (see roles and responsibilities and indicate timescale). The Head teacher will provide monitoring reports for review by the Governing Body. These will refer to the school population, key initiatives and progress against targets and future plans.
